Indira Gandhi Institute of Development Research (IGIDR) is an advanced research institute **established and fully funded by the Reserve Bank of India** for carrying out research on development issues from a multi-disciplinary point of view.

On December 28, 1987 the campus was inaugurated by Late. Shri Rajiv Gandhi, the then Prime Minister of India.

Subsequently, the Institute was recognized as a Deemed University under Section 3 of the UGC Act. Since then it has been awarded the highest National Assessment and Accreditation Council (NAAC) rating of A++ (under the old methodology) given to Indian academic institutions.

Starting as a purely research institution, it rapidly developed into a full-fledged teaching cum research organisation when it launched a Ph.D. program in the field of development studies in 1990. In 1995, the institute initiated the M. Phil programme. The M.Sc. programme commenced in 2003 to introduce students to the world of research at an early stage.

Vision and Values

We strive to conduct and promote research on development from a broad inter-disciplinary perspective. The institute undertakes projects and activities that are useful in furthering development and social welfare. It strives to promote co-operative endeavour and interaction between research scholars and institutions in India and abroad, while simultaneously encouraging specialized training for advanced degrees (Masters and Doctorate)

ABOUT THE INSTITUTE

MESSAGE FROM THE DIRECTOR

Indira Gandhi Institute of Development Research (IGIDR) is an advanced teaching and research Institute. It offers M.Sc. (Econ.), M.Phil & Ph.D degrees in development studies and provides professional training in most branches of economics from a multi-disciplinary perspective.

The teaching program has a cutting edge curriculum and accomplished faculty. It has a vibrant student body which is diverse in its academic background as well as national character. Its teaching program is unique in terms of research assistantships which give an opportunity to students to assist the faculty in research projects. In these projects, they handle large datasets, use advanced quantitative techniques and learn how to interpret to results. Quantitative techniques, analytical insights and field experience are all blended in the research projects as well as various courses offered.

No wonder that our graduates develop wide-ranging expertise on several broad fronts. Our students have gotten jobs in reputed corporate firms, banks, research institutes, universities and NGOs. It reflects the quality of teaching and research at IGIDR.

Dr. S. Mahendra Dev

IGIDR is one of the premier educational institutes of higher studies in India. It offers a PG programme in Economics and M.Phil./Ph.D. programme in Development Studies. These programmes allow the students to specialize in two sub-fields of their choice. The courses have a right blend of theory and applications, and are designed to suit the requirement of the rapidly changing world economy. Our courses emphasize analytical and quantitative approaches.

The institute boasts of the finest faculty and a world class library and computer centre. Access to latest econometric software enables the students to engage in high quality empirical research. Students have access to numerous datasets including NSSO, agriculture, industry, corporate, trade and macroeconomics. Our M.Phil./Ph.D students regularly present their findings in national/international conferences and publish papers in peer reviewed international journals., which establishes their research credentials. Apart from classroom learning, students also get exposure to the ideas of eminent scholars of national and international repute who regularly visit IGIDR to give guest lectures and seminars.

IGIDR students are recognized in both the academic and corporate sectors in India and abroad. I have no doubt that our students are well trained and equipped to take up challenging careers in a variety of organizations that will shape them further so that they can contribute to the economic policies of the nation.

Dr. A. Ganesh Kumar
(till 30th Sept 2017)

ACADEMIC PROGRAMMES

M.Sc. Economics

Duration : 2 Year Programme

In the first year, 8 compulsory courses are offered. In the second year, students choose any of the 8 optional courses offered (or 7 optional courses and a masters thesis) that includes (i) one Major Field of Specialisation consisting of 4 optional courses in a related field, (ii) one Minor Field of Specialisation consisting of 2 courses and, (iii) 2 other optional courses.

M.Phil. in Development Studies

Duration : 2 Year Programme

The programme requires both the successful completion of a minimum of 10 courses as well as the submission of a dissertation. M.Phil. Students are required to take eight courses (four compulsory and four optional) in first year. Additionally, all M.Phil. And Ph.D. students are required to take the course on Research Methodology and Seminar Series.

Ph.D. in Development Studies

Duration : 4-5 Year Programme

The Ph.D. programme is designed to create academic researchers as well as professionals who are capable of conducting policy analysis, relating to national and global development issues, from a quantitative and inter-disciplinary perspective. Ph.D. students are required to take 14 courses (4 compulsory and 10 optional) in the first two years

Core Courses

- Microeconomics I
- Microeconomics II
- Macroeconomics I
- Macroeconomics II
- Econometrics I
- Econometrics II
- Mathematics for Economists
- Development Economics

**COURSES
OFFERED**

Field of Specialisation

Microeconomics Theory and Applications

- Advances in International Trade Theory
- Applied General Equilibrium Models
- Applied International Trade and Investment
- Applied Microeconomic Theory I
- Auction Theory
- Behavioural Economics
- Corporate Governance: Theory and Empirics
- Economics of Information / Contract Theory I
- Economics of Information / Contract Theory II
- Economics of Regulation and Competition Policy
- Game Theory
- Microeconomics II
- Oligopoly Theory I
- Oligopoly Theory II
- Special Topics in Microeconomic Theory
- Theories and Behavior of the Firm
- Theory of Institutions
- Topics in Mathematics for Economists

Field of Specialisation

Macroeconomics, Finance and Growth

- Advanced Financial Economics
- Applied General Equilibrium Models
- Corporate Governance: Theory and Empirics
- Economy-wide Models
- Financial Econometrics - I
- Indian Economy
- Introduction to Financial Economics
- Issues in Finance and Growth
- Macroeconomics II
- Measurement of Risk in Securities Market
- Monetary Theory and Policy
- Public Finance and Fiscal Policy
- Theories of Economic Growth
- Time Series Analysis - I
- Time Series Analysis - II
- Topics in International Finance and Economics
- Topics in International Macroeconomics
- Topics in Mathematics for Economists

Econometric Theory and Applications

- Applied Econometrics for Policy Analysis
- Computational Economics
- Econometric Applications
- Econometrics II
- Financial Econometrics - I
- Nonparametric Econometrics
- Probability, Measure theory and stochastic processes
- Time Series Analysis - I
- Time Series Analysis - II
- Topics in Mathematics for Economists

**COURSES
OFFERED**

Field of Specialisation

Energy and Environment: Theory and Policy

- Advanced Topics in Environmental Economics and Policy
- CGE Modelling of Environmental Economics with GAMS
- Energy & Environment II
- Environment and Development Economics
- Environmental Economics and Policy
- Natural Resource Economics
- Socio-economic and Policy Issues in Energy & Environment-I
- Socio-economic and Policy Issues in Energy & Environment-II
- Tools for Sustainability Assessment - I
- Tools for Sustainability Assessment- II

Development Theory and Policy

- Applied Econometrics for Policy Analysis
- Applied General Equilibrium Models
- Contemporary Issues in Human Development and Policy
- Development Economics
- Econometric Applications
- Food Policy Analysis
- Health Economics and Policy
- Indicators of Development: Measurement Issues
- Indian Economy
- Industrial Economics
- Markets, Incentives and Agriculture in India
- Public Economics
- Theory of Institutions

**COURSES
OFFERED**

COMMITTEES AT IGIDR

Alumni Committee

This committee endeavours to strengthen bonds with the IGIDR fraternity and bring together that finds its genesis in IGIDR.

Cultural Committee

The cultural committee helps students bring their talent to the stage with a cultural week that involves dance, music, debating, art and drama. The committee also organises the celebration of numerous festivals recognising the diverse backgrounds of the students on campus.

Movie Club

It screens a mixed-bag of movies, after conducting a weekly campus wide poll, ranging from mainstream to alternative cinema. This provides the student the opportunity to rejuvenate after a hectic week of lectures.

Sports Committee

This committee ensures the smooth running of various sporting events held during a biannual sports week that consists of games like badminton, cricket, swimming, chess, carom, table tennis and athletics. The committee also helps maintain the sports equipment and infrastructure at the college throughout the academic year.

CLASS OF 2017 M.Sc. ECONOMICS

This is a two-year programme, which imparts students with a rigorous and hands-on training in Economics, with special emphasis on analytical and problem solving skills as well as exposure to emerging policy issues at the national and international levels. This programme involves a successful completion of either 16 courses or 15 courses and a Master's thesis. It is aimed at all those with necessary quantitative prerequisites who would like to be grounded in economic analysis.

Aaratrika Barman

Degree: B.A. (Hons) Economics, Jadavpur University

Summer Internship: *'Developing contact forecasting models for specialty skill groups within the IN marketplace using Random Forest and regression modelling techniques'*

Amazon, Hyderabad

Abhishek Dureja

Degree: B.A. (Hons) Economics, SGTB Khalsa College, Delhi University

Summer Internship: *'Inter-corporate Loan market amongst the Non-Financial firms in India and suggesting regulatory outcomes and takeaways to BSE'*

Bombay Stock Exchange, Mumbai

Aditi Singh

Degree: B.A. (Hons) Economics, Kirori Mal College, Delhi University

Summer Internship: *'Inter-corporate Loan market amongst the Non-Financial firms in India and suggesting regulatory outcomes and takeaways to BSE'*

Bombay Stock Exchange, Mumbai

Akashdeep Mishra

Degree: B.Sc. Mathematics, St. Xavier's College, Kolkata

Summer Internship: *'Mathematical Modeling of Dynamic Pricing in the electricity markets, using non-linear optimization techniques, and a study of the consequent efficiency gains to the producer as opposed to Flat Pricing'*
IIM Ahmedabad

Animesh Aggarwal

Degree: B.A. (Hons) Business Economics, S.G.T.B Khalsa College, Delhi University

Summer Internship: *'Estimation on Impossible Trinity Indices on India & China'*
IGIDR, Mumbai

Anubhab Saha

Degree: B.Sc. (Hons) Economics, Maulana Azad College, Calcutta University

Summer Internship: *'Generating traditional Credit-Scoring Model using Bureau and Non-Bureau data and Optimizing the model using different Machine Learning and Deep Learning Techniques'*
Experian India, Mumbai

Ayush Kumar

Degree: B.A.(Hons) Economics, Faculty of social Sciences, Banaras Hindu Univeristy

Summer Internship : *'Deposit Insurance and Credit guarantee corporation'*
Reserve Bank of India, Mumbai

Baibhav Sen

Degree: B.Sc.(Hons) Economics, Presidency University, Kolkata

Summer Internship: *'The Credit Supply Channel of Monetary Transmission in Emerging Economies: Empirical Evidence from India'*
IGIDR, Mumbai

Chandan Kumar

Degree: B.A.(Hons) Economics, Ramjas College, Delhi University

Summer Internship: *'Data Visualization : Geospatial Mapping'*
Experian India, Mumbai

Damini Thakur

Degree: B.Tech(Civil), National Institute of Technology, Hamirpur(HP)

Summer Internship: *'Price Movements in Indian Hotel Market using Power Divergence Statistics (PDS)'*
IIM Ahmedabad

Work Experience: Graduate Trainee Engineer, **Halcrow**

Dev Basantkar Khajuriya

Degree: B.A.(Hons) Economics, Bhim Rao Ambedkar College, Delhi University

Summer Internship: *'Discount Visualization tool'*
FedEx, Mumbai

Dipanjana Roy

Degree: B.Sc.(Hons) Economics, Loreto College, Calcutta University

Summer Internship: *'Analysing the Credit Bureau Profile of acquired customers using Machine Learning Techniques'*
Retail Services, Citi Mumbai

Falak Arora

Degree: B.A.(Hons) Economics, Miranda House, Delhi University

Summer Internship: *'Building a GBM based response model for the Direct Mail channel'*
American Express, Gurgaon

Kumari Khushboo

Degree: B.A.(Hons) Economics, Kirorimal college, Delhi University

Summer Internship : *'Development of a webpage to display Discounts across country and analysis of revenue pattern across regions'*
FedEx, Mumbai

Madhuparna Ganguly

Degree: B.Sc..(Hons) Economics, St. Xavier's College, Kolkata

Summer Internship: *'Impact of Auto Loans, Mortgage Loans and Bankcards on Portfolio Losses'*
Retail Services, Citi Mumbai

Mayank Garg

Degree: B.A.(Hons) Economics, Shaheed Bhagat Singh College, Delhi University

Summer Internship: *'Forward looking Surveys and Output gap model for Inflation: An exploratory analysis for India'*
Reserve Bank Of India, Mumbai

Navojit De

Degree: B.Sc. (Hons) Statistics, Presidency University, Kolkata

Summer Internship: *'China's transition from an Export Oriented to a Consumption Expenditure driven economy and its sectoral impacts on the flow of inward FDI'*
ANZ Banking Corporation, Bangalore

Nikita Mathur

Degree: B.A.(Hons) Economics, Jesus and Mary College, Delhi University

Summer Internship: *'Expeditious settlement of deposit insurance claims, analyzing the current reimbursement system at DICGC, and suggesting ways to expedite the process by looking at global best practices'*
Reserve Bank Of India, Mumbai

Nishtha Jain

Degree: B.A.(Hons) Business Economics, Maharaja Agrasen College. Delhi University

Summer Internship: *'Accelerating Investment and Infrastructure in Nepal'*; *'Rapid Evidence Mapping (A World Bank Project)'*; *'Working Paper: Impact of Expansionary Monetary Policy on Asset Prices'*

PwC GRID, Gurgaon

Work Experience: Analyst, **KPMG Global Services Ltd.**

Pankaj Nishad

Degree: B.A.(Hons) Economics, Delhi University

WHY HIRE US?

IGIDR strongly believes that the generation of ideas provides a base to the framework of success but it goes hand in hand with the art of communicating the same ideas to others. The college focuses on the skills of the students to present their ideas in front of their teachers and peers.

Apart from the gain on the theoretical front, the academic programme at IGIDR is rigorous with a strong inclination towards the honing of the students analytical skills. Students are made familiar with a variety of data analytics software like R, SAS, STATA, EViews and MATLAB.

The application of theory in an appropriate analytical framework, along with empirical evidence, is an assured test of the students understanding of the concepts at hand and ensures that he/she is comfortable with handling big datasets.

The course requires students from diverse backgrounds to work together and share knowledge. The environment provided by the college ensures a holistic approach to the development of students both at the personal and professional level.
