

CoRe-2019

IGIDR PhD. Colloquium, November 5-8, 2019

PANEL DISCUSSION
From Thesis to Publication

Ashima Goyal

Dr. Ashima Goyal is Professor at the Indira Gandhi Institute of Development Research, Mumbai and a Member of the Prime Minister's Economic Advisory Council. She has a PhD. in Economics from the Bombay University. She has authored and edited a number of books including *Macroeconomics and Markets in Developing and Emerging Economies* and *A Concise Handbook of the Indian Economy in the 21st Century*. She is co-editor of *Macroeconomics and Finance in Emerging Market Economies* and has more than hundred published articles in peer-reviewed journals such as *Journal of Economic Asymmetries*, *International Economic Journal* and *Public Finance Review*, among others. Her current research is in the areas of Fiscal and Monetary Policies, Emerging Market DSGEs, Flexible Inflation Targeting, Growth Volatility and Exchange Rate Regimes.

Tarun Jain

Dr. Tarun Jain is an Associate Professor of Economics at the Indian Institute of Management Ahmedabad. He has a PhD. in Economics from the University of Virginia. His research focuses on understanding causes and consequences of human capital formation (for instance, with education and health), especially in the context of fast-growing developing countries. Gender is a topic of special research interest given that women face persistent barriers in economic advancement. His research has received funding from the Bill and Melinda Gates Foundation, the International Growth Centre, and the International Initiative for Impact Evaluation, and been published in peer-reviewed journals such as the *Review of Economics and Statistics*, *Journal of Public Economics*, and *Journal of Economic History*.

Bappaditya Mukhopadhyay

Dr. Bappaditya Mukhopadhyay is Professor and Director of the Post Graduate Programme in Business Analytic at Great Lakes Institute of Management, Gurgaon. He has a PhD. in Financial Economics from the Indian Statistical Institute, Delhi. He is also the Managing Editor of Journal of Emerging Market Finance and Journal of Infrastructure and Development, besides serving on the Editorial Advisory Board of the International Research, Journal of Finance and Economics, International Bulletin of Business Administration and European Journal of Economics. He is also a Special Invitee on Board for Risk Management Committee, Punjab National Bank and Member Index Committee, NCDEX. He has published over 15 articles in peer reviewed journals. He is currently authoring a book on Credit Risk Management.

Susan Thomas

Dr. Susan Thomas is Faculty at the Indira Gandhi Institute of Development Research, Mumbai. She has a PhD. in Economics from the University of Southern California, Los Angeles. Her research interests are in financial econometrics and market microstructure. Her current work has focused on behaviour choices in household finance, design of bankruptcy law, credit processes and credit markets. She is member of various committees constituted by the Securities and Exchange Board of India, the Reserve Bank of India, and the National Stock Exchange of India. She has published many articles in peer-reviewed journals such as Journal of Economic Policy Reforms and Journal of Risk and Insurance.

Shubhashis Gangopadhyay

Dr. Shubhashis Gangopadhyay is Research Director at India Development Foundation, Gurgaon. He has a PhD. in Economics from the Cornell University. He was an Advisor to the Finance Minister, Government of India in 2008. His research interests are broadly in the areas of corporate finance and development economics. His current work focuses on laws and institutions and he heads the Ambedkar Centre for Law and Economics at the India Development Foundation. His work has been published in many reputed journals like Journal of Development Economics, Journal of Banking and Finance, Economic Journal, among others. He is the Chief Editor of the Journal of Emerging Market Finance and is the President of two professional societies, the Society for Economic Research and Financial Analysis (SERFA) and the Society for the Promotion of Game Theory and its Applications (SPGTA).
