Selection Criteria for Shortlisting Applicants to Ph.D. and M.Sc. Programmes 2022 for Interview

1. The applicants who appeared in the online test held on 26 June 2022 have been shortlisted for the interview round (tentatively scheduled in the first week of August 2022) following a selection criteria as per their category, as per statutory requirement for reservation, vertical or horizontal. The vertical categories are Scheduled Caste (SC), Scheduled Tribe (ST), Other Backward Classes-Non Creamy Layer (OBC-NCL), and Economically Weaker Sections (EWS), while a horizontal category is People with Disability (PwD).
2. Under each category four times the number of seats earmarked has been the basis for shortlisting applicants for the interview round based on their total marks subject to the applicants satisfying an additional criterion of obtaining the stipulated minimum marks in Basic Mathematics in the online test. The seats earmarked for Unreserved (UR) has been used as a benchmark for shortlisting applicants from the General (GEN) category (ie, those not under any reservation category) for the interview round.
3. The stipulated minimum mark for Basic Mathematics has been obtained from the distribution of marks obtained in the online test and has been fixed at the first quartile for SC, ST and PwD (the latter in M.Sc. Programme only) and at the median for GEN, EWS and OBC-NCL.
4. In any category, if two or more individuals have the same total marks (subject to them obtaining the stipulated minimum marks in Basic Mathematics) then they have been given the same rank. If there is more than one applicant for the last rank shortlisted then all of them are shortlisted for the interview round.
5. In some categories, the ranks shortlisted have not met the benchmark of four times the number of seats because less number of applicants in that category met the requirement.
6. The above details and the total mark of the last rank shortlisted in each category is given in the Table below.

Programme	Category	Minimum Marks in Basic Mathematics	Seats Earmarked	Ranks Short-listed	Number of Applicants Shortlisted	Total Mark of the Last Rank Shortlisted
