ABOUT IGIDR

Indira Gandhi Institute of Development Research (IGIDR) is an advanced research institute established and fully funded by the Reserve Bank of India for carrying out research on development issues from a multi-disciplinary point of view. On December 28, 1987, the campus was inaugurated by Late. Shri Rajiv Gandhi, the then Prime Minister of India. Subsequently, the Institute was recognized as a Deemed To Be University under Section 3 of the UGC Act. Starting as a pure research institution, it rapidly developed into a full-fledged teaching cum research organization when it launched a Ph.D. program in the field of development studies in 1990. In 1995, the institute initiated the M.Phil programme. The M.Sc. programme commenced in 2003 to introduce students to the world of research at an early stage.

VISION AND VALUES

We strive to conduct and promote research on development from a broad inter-disciplinary perspective. The institute undertakes projects and activities that are useful in furthering the development and social welfare. It strives to promote cooperative endeavor and interaction between research scholars and institutions in India and abroad, while simultaneously encouraging specialized training for advanced degrees (Masters and Doctorate).

MESSAGE FROM THE DIRECTOR

Indira Gandhi Institute of Development Research (IGIDR) is an advanced teaching and research Institute. It offers M.Sc. in Economics and Ph.D. degrees in Development Studies and provides professional training in most branches of economics from a multi-disciplinary perspective.

The teaching program has a cutting edge curriculum and highly accomplished faculty. It has a vibrant student body which is diverse in its academic background as well as national character. Its teaching program is unique in terms of research and teaching assistantships which give an opportunity to students to gain valuable experience. They get to handle large datasets, use advanced quantitative techniques and learn how to interpret results. Quantitative techniques, analytical insights and field experience are all blended in the research projects as well as various courses offered.

No wonder that our graduates develop wide-ranging expertise on several fronts. Our students have secured jobs in reputed corporate firms, banks, research institutes, universities and NGOs. It reflects the quality of teaching and research at IGIDR.

ALUMNI MESSAGES

JAYATU SEN CHAUDHURY

Lead Data Scientist at Global Commercial and Merchant Analytics; Head of EDA, American Express

“We were one of the first sets of students from IGIDR. The elite faculty were highly energetic and ensured they brought out the best in us. The teaching process was a good blend of theory and real-world applications. I can say with full conviction that joining IGIDR was one of the best decisions of my life. It has made me what I am today.”

IBOTOMBI LONGJAM

Director and Head, Model Risk Management India, Citi

“IGIDR helped me learn several lessons outside textbooks. It gave me a window to the world of aspirations and excellence and taught me the art of self-learning in various topics. It opened up a beautiful world of valued friendship, relationships and networking with every soul on the campus and further beyond. I treasure my time at my alma mater.”

TIRTHANKAR PATNAIK

Chief Economist, National Stock Exchange of India Limited

“The world-class facilities at IGIDR like the library, computing technology etc. can be perhaps replicated, but a fertile research environment that provides aspiring scholars scope to grow to the best of their ability, is an achievement not many institutions have managed. Spend your time well at IGIDR, and you are ready for the world.”

BADRI NARAYANAN GOPALAKRISHNAN

Head, Trade, Commerce and Strategic Economic Dialogue, NITI Aayog, Government of India
Co-founder Partner & Director Infinite-Sum Modelling Inc., Washington; Consulting Economist, McKinsey

“IGIDR gave me opportunities to work and interact with the leading policymakers and economists from across the world, where by I got enormous practical exposure from the leadership level at such a young age.”

COMMITTEES AT IGIDR

THE CULTURAL COMMITTEE

The cultural committee helps students bring their talent to the stage with a cultural week that involves dance, music, debating, art and drama. The committee also organises the celebration of numerous festivals recognising the diverse backgrounds of the students on campus.

THE SPORTS COMMITTEE

This committee ensures the smooth running of various sporting events held during a biannual sports week that consists of games like badminton, cricket, swimming, chess, carom, table tennis and athletics.

THE ALUMNI COMMITTEE

This committee endeavours to strengthen bonds with the IGIDR fraternity and bring together the student community from current and previous batches.

THE MOVIE CLUB

It screens a mixed-bag of movies, after conducting a weekly campus wide poll, ranging from mainstream to alternative cinema. This provides the student the opportunity to rejuvenate after a hectic week of lectures.

ECONPRİZM : STUDENT NEWSLETTER

EconPrizm is a Student managed newsletter published semi annually by IGIDR, Mumbai. The newsletter envisaged to create awareness about essential work done at our institute and to create synergy between the institute's activities and those of other academicians, policymakers, regulatory bodies and the corporate sector.

KAAWISH

Kaawish is a student-led initiative to engage with the children of the under-privileged non-teaching staff through various activities. It is an attempt to assist the all-round development of children.

WHY HIRE US ?

IGIDR provides a holistic environment for development at both the personal and professional fronts, by imparting specialized analytical, statistical and econometric modeling skills as per the emerging requirements. As a part of its framework, due emphasis is given to developing a strong edifice for the generation and vocalization of strong intuitions and ideas. The academic programme at IGIDR is carefully curated to train students for a bright career in both academia and the corporate industry, with a strong inclination towards honing essential analytical skills.

The empirically driven courses test the application of theory in an appropriate analytical framework and train the students to work with big datasets. Students get a rigorous hands-on training with various software packages like Python, R, SAS, STATA, EViews and MATLAB.

Batch Academic Diversity

Industry Relevance

IGIDR has a rich legacy of grooming future leaders. Over the years, our students have been recruited for roles in data analytics, risk analytics, credit and market risk management (model development/validation), investment banking, quantitative research, data science, consulting, economic research, marketing analytics, to name a few.

Batch Gender Diversity

THE BATCH OF M.Sc. 2021-23

M.Sc. Economics is a two-year programme, which imparts students with rigorous and hands-on training in Economics, with special emphasis on analytical and problem-solving skills as well as exposure to emerging policy issues at the national and international levels. This programme involves successful completion of either 16 courses or 15 courses and a Master's thesis. It is aimed at all those with necessary quantitative prerequisites who would like to be grounded in economic analysis.
